Supervisor Title:	Provost & Chief Academic Officer
Additional Supervisor Title:	
Functional Area:	Division of Health & Public Services
Position Summary:	<p>The Dean of Health & Public Services reports to the Provost and Chief Academic Officer and provides leadership, management, and direction to ensure that a quality level of teaching and learning, and delivery and scheduling of different course modalities are offered to all degree and non-degree seeking students who enroll in division courses, certificates, and programs.</p> <p>The dean provides leadership and vision for the division, including managing student complaints, representing the interests of the division in campus meetings and community events, and operational planning for the growth and maintenance of the division. This position also provides leadership in developing and implementing student success and retention initiatives. This position is responsible for building and maintaining partnerships among faculty, staff, administration, and the community. This position assists in the creation and support of college policies and procedures; advises the Provost and Chief Academic Officer regarding any divisional concerns about college policies and procedures; follows college policies and procedures; and conducts disciplinary investigations of student and faculty misconduct and takes appropriate action. The dean supports and participates in the College's commitment to continuous improvement, organizational agility, and ensures compliance with state, regional, and program accreditation standards.</p> <p>It is the responsibility of the dean to ensure that a quality level of teaching and learning be offered to all students who enroll in division courses. The Dean is responsible for cost-effective management within the division; leadership in program growth; leadership to increase the number and variety of clinical and practicum affiliations; leadership to maintain program specific accreditations; leadership to maintain the program admission process to set appropriate minimum standards while providing maximum access for qualified students; management to provide safe and effective care in division clinical facilities; leadership in satellites and College Credit Plus courses; assessment of a quality learning environment; faculty advising and advising of returning students; faculty evaluation and professional development; and effective personnel management of division employees.</p> <p>The Dean provides leadership in College strategic planning initiatives and is responsible for assisting in all implementation strategies expected in this position including the development and management of strategic grants and partnerships with universities, businesses, community organizations, and government entities. The Dean is also responsible for development of knowledge and skills to support degree and certificate programs, integration of credit and non-credit offerings, and articulation with other institutions of higher education.</p>
Licensure or Certification Requirements:	NA
Education Summary:	Master's degree in a Health and Public Services Division discipline or closely-related program. An earned doctoral degree in same is preferred.
Experience Summary:	<p>This position requires a minimum of three years of progressive leadership experience including:</p> <ul style="list-style-type: none"> • A minimum of three years of higher education leadership experience as an academic dean, department chair, or program head at a regionally accredited institution of higher education; • Work experience as an allied health professional, a nursing professional, a healthcare administrator, or a public service administrator; • A minimum of three years of teaching experience (preferably full-time) in a field related to the Health and Public Services Division with demonstrated expertise in innovative teaching and learning strategies, including the use of technology to enhance learning; • Experience establishing partnerships and collaborating with universities, businesses, community agencies, health organizations, and government entities;

- Experience in new program development, assessment, accreditation and community outreach;
- A collaborative style of leadership;
- Comfortable with change and the use of data to inform decision-making; and
- Full proficiency with Microsoft Office Suite applications and post-secondary education research and data collection.

Knowledge, Skills and Abilities:

- Knowledge and understanding of emerging technologies in the health and public services industries.
- Leadership, interpersonal and communication skills are needed in working with and handling personnel concerns for the division personnel and students.
- Effective change management skills in decision making, planning, budgeting and evaluation of personnel are required.
- Knowledge of procedures and the organization of the College as well as of higher education in Ohio
- A commitment to student access and success, diversity, and inclusion.
- Good stewardship of College resources. Ensure financial decisions align with College policies. Consider the impact on faculty, staff, students, and budget. Make timely decisions after appropriate consultation and relevant data is analyzed.
- Excellent oral written communication and interpersonal skills together with excellent listening skills; the ability to seek out, understand, and enable diverse viewpoints and approaches to achieve goals.
- Ability to adapt communication style and methods to the interests and needs of others.
- Effective command skills by taking unpopular stands, managing adversity, and encouraging direct and tough debate but knowing when to end and move on.
- Ability to demonstrate integrity and trust by communicating facts, researching topics, and admits mistakes.
